## COMMUNITY ANNOUNCEMENTS

### **1. MPD 2nd District Crime and Community Awareness, Lieutenant Sylvester Garvin, [sylvester.garvin@dc.gov](mailto:sylvester.garvin@dc.gov).**

Lieutenant Garvin shared details of a robbery that occurred by an individual on a motorcycle. Other crimes included two sex abuse cases, which are being investigated by the sex crimes unit. There was also a burglary and three pattern robberies that targeted club patrons. A robbery report was made, and there were four weapon recoveries in the last 30 days, roughly a typical rate. Often, these are found left in cars and seized from individuals that do not have the proper paperwork.

Roe inquired about purse snatching. Garvin urged everyone to stay vigilant and closely monitor their possessions. Garvin stated that roughly half of the perpetrators of these crimes that are picked up are charged by the District Attorney.

**2. MPD 1st District Crime and Community Awareness, Captain Justin Roth, [Justin.Roth@dc.gov](mailto:Justin.Roth@dc.gov), 202-729-2179 or Lieutenant Jeremy Kniseley, [jeremy.kniseley@dc.gov](mailto:jeremy.kniseley@dc.gov), 202.839.1357.**

Lieutenant Kniseley is covering for Captain Roth this evening. There is a 9% increase in property crimes driven by motor vehicle thefts, despite a 30% decline in overall thefts. Unsecured apartment doors associated with two burglaries.

There was a 20% reduction in robberies. Most robberies are late-night events. No clear pattern has occurred, and there are no suspects currently. There were two ADWs and one homicide, and details of these cases were shared. They are currently being worked on and have likely suspects.

A resident inquired about the enforcement of public consumption of marijuana. Kniseley explained that his limited resources often mean they must focus on other crimes. Still, they are generally trying to increase enforcement of open container laws and similar "quality of life" crimes. The issue will be addressed as much as possible and is likely correlated to other, more dangerous crimes, according to Kniseley.

**3. Office of Mayor's Office Ward 2 Mayor's Liaisons – Christopher Powell, Ward 2 Liaison, [Christopher.powell2@dc.gov](mailto:Christopher.powell2@dc.gov), 202.805.7122 and Grace Reeder, Ward 2 Liaison Mayor's Office of Community Relations and Services (MOCRS), [grace.reeder@dc.gov](mailto:grace.reeder@dc.gov).**

Powell presented updates from the Ward 2 Liaison Mayor's Office. He shared that #SummerReadyDC offers free weatherization kits for DC residents. Also, residents were encouraged to apply for the Mayor's Opportunity Scholarship. Additionally, found guns can be anonymously reported. New appointments were also shared.

Upcoming events include a Town Hall Series on July 12 and 13. Roll Off Day on July 22 also offers free disposal of bulk items and electronics. Other events included a K-Pop dance series and walks with MOCRS.

Lee inquired about the planters and trash bins in Chinatown, which require work and/or general cleaning. Powell will flag that internally to DDOT. A resident inquired about working with the Office of Asian and Pacific Affairs to address the drug dealer problem in Chinatown. Another resident inquired about trash piled up in the streets, which has not been addressed by 311. Another resident inquired about vagrancy issues. Powell addressed all issues and will work with the residents to direct their inquiries to the right teams and fix them.

Rodriguez presented the programs funded based on the recently passed budget. Councilmember Pinto is also working on improving Public Safety and used public feedback to draft several public safety bills, one of which has recently passed with broad support and is awaiting the mayor's signature. Other bills are focused on metro safety and 911 services. Another public hearing will be held on August 3 at the MLK library. Councilmember Pinto will also hold several office-hour events. Fees for the Pride parade were removed. Finally, residents that are 65 and older were encouraged to apply for the sidewalk snow shoveling exemption program.

Roe requested that details of the August 3 event are shared with the Commissioners so they can distribute the information to their constituents.

A resident inquired about the new prison in Ward 2. Rodriguez does not have robust information on that location but will check in to get more information to brief the ANC 2C at the next meeting. Another resident inquired about PCR testing locations for Covid. Rodriguez responded that it was impossible to keep the prior locations open without federal funding. Shankle stated that he would find all nearby PCR locations and post the results.

**5. DCSBOE Representative Allister Chang, [Allister.Chang1@dc.gov](mailto:Allister.Chang1@dc.gov).**

Chang spoke about his top priority, reading proficiency, which has worsened since the pandemic for DC students. A literacy task force will come together to develop an action plan by this September.

The Board voted to revise the social studies standards, which will go into effect in 2024. Details of the changes to the educational programs were shared.

Lee inquired about disruptive students, which have affected the learning environment. Chang shared planned preventative measures that will potentially address the issue. Roe inquired about the specific schools that are having reading difficulties. Chang replied that the difference in literacy is strongly correlated with the family's wealth and stated that investments in poverty interventions can make a large impact.

## **LOCAL EVENTS THAT IMPACT THE COMMUNITY**

**1. Artechouse Foundation request for Letter of Support for DMPED Grant for FY23 DC Family Fun Destinations. Tati, [tati@artechouse.com](mailto:tati@artechouse.com).**

Tati presented the plan to establish a permanent art space in downtown DC. This space will be non-profit and exhibit the works of 21<sup>st</sup>-century innovative artists. The grant would allow the program to have a permanent space via a museum. The space would also support local artists.

The single-use grant can be used for events or more permanent establishments. The Foundation sees the value in a permanent space, and the grant will be matched with additional

funds. Tati shared pictures of Artechouse with the community. The deadline for the grant is July 14<sup>th</sup>.

**MOTION:** Shankle motioned to send a letter of support for the Artechouse, seconded by Lee. (Vote 3-0-0)

## **ALCOHOLIC BEVERAGE LICENSING (ABCA)**

**1. Sima Sushi, Inc., 1660 I ST NW, New Retailer's Class "C" Restaurant (ABRA125022). Gregory Y. Lee, 703.506.8886, [gleelaw24@gmail.com](mailto:gleelaw24@gmail.com).**

**2. Bouquet Labs DC LLC, 610 H ST NW, Medical Cannabis Dispensary License. Almustafa El Hillo and Deron Cooper, Managing Members, Bouquet Labs DC LLC, [Almo@berkeley.edu](mailto:Almo@berkeley.edu).**

Hillo shared information on the background of Bouquet Labs. They were awarded a license to produce and distribute medical cannabis in Maryland 2019. Bouquet Labs was granted a license in 2021, which was then relocated to Chinatown after approval from ABCA. A lease has been signed, and security and architectural details are being worked on. Hillo stated that the strongest security protocols would be followed, and cannabis consumption would not be allowed outside the establishment. They also aim to have a strong relationship with the police department. Bouquet Labs is seeking a letter of support.

Shankle inquired about the potential lines outside the establishment. Hillo responded that while only a few patrons are allowed in the establishment simultaneously, the average transaction time is short. Additionally, all patrons will have to have a medical license from ABCA. Roe inquired about the security plans for the location. Hillo responded that every part of the space will be secured to the highest level and will have monitoring at all times. They will comply with all regulations. No cannabis will be open or consumed in the area. Hillo specified the differences between a medical cannabis dispensary and the "gifting shops" already present in the area, which are not subject to the same regulations.

Shankle inquired about an appointment-only business model. Hillo stressed the importance of foot traffic, which was a factor in the location selection. Lee inquired about other commercial retail spaces, but Hillo replied that they are often not feasible because of limitations from banks on mortgages.

A resident expressed concern about the amount of cash held by patrons increasing robberies in the area. Another resident inquired about becoming certified as a patient and the best practices learned from other states. Another resident inquired about the presence of illegal

drug dealing operations in the area. Hillo responded to these concerns and provided more information on their operations and the importance of regulation in the space. The gifting shops will start to see enforcement in the next few months.

Bouquet Labs' application is not available for public review due to the proprietary nature of the information, but certain details can be shared with the ANC as needed. They hope to become operational by the end of the year, dependent upon permits and the license has already been awarded. The final registration will be approved following construction. The placard will be printed by ABCA and posted next week.

The design details were reviewed, such as parking and bus lanes and stops. A slip lane will be closed to reduce car interactions with pedestrians and potentially add some bike facilities.

Traffic modeling showed little change from the planned lane reductions. Roughly 70 parking spaces will be eliminated. All existing alley and driveway entrances will remain open.

**MOTION:** Shankle motioned to send a letter of support for the Bus Priority Project, pending the placard information as stated, seconded by Lee. Roe abstained. (Vote 2-1-0)

Gridley is the architect for the project. He shared the plans for the proposed tower renovations and the surrounding roof. The intention is to be faithful to the historic design.
