Announcements:

1. Update from MPD 2D - Captain Savoy presented crime information.

2. SMD Reports:

- **(3C01) Commissioner Gise: A)** I had the opportunity to welcome Mathew Barclays, our new representative from the Mayor's Office of Community Relations and Services, to take a tour of SMD 3C01. We brought attention to empty storefronts, recently-opened and soon to be opened community institutions, reported potholes on the 311 app, and discussed ways we can work together in the future. The two of us were welcomed by the Woodley House for a walkthrough. There we discussed the need for additional state funding to bring staffing levels to where they need to be. It was nice getting to speak to residents and staff. Very grateful to Sue and Ann of Woodley House for hosting us.
B) As of yesterday, February 21 WMATA is reporting that MetroRail wait times are now

only 8 minutes on the red line. Which of course includes the Woodley Park stop. We will continue to push for even greater frequency, but this is an improvement. We will all recall 20-25 minute wait times after the 7000-series trains were pulled off the line. **C)** After discussions with DDOT I am proud to speak to ongoing infrastructure projects happening in SMD 3C01. Bike racks will be added to various places in Woodley Park including 3 in front of 2601 Connecticut Ave (CVS), 4 in front of 2637 Connecticut (Custom Cleaners), and 3 in front of 2649 Connecticut (Hans Palace). I am also happy to report that a feasibility study is underway regarding extending the time residents will have to cross Connecticut Ave at the intersection of Woodley Rd. **D)** After meetings with constituents, it is clear that there is an outcry of demand for more speed bumps on Woodley Place. We will continue these discussions and make a plan to garner the support. Additionally, there is a need for greater composting solutions, of which we will continue to explore. **E)** The Department of Consumer and Regulatory Affairs has sent over a list of Building Permits for 3C01 in February that have been Issued and accepted. Application accepted for 2723 WOODLEY PL NW, WASHINGTON, DC 20008 for construction of new wood frame porch with painted trim, skylight, electrical lighting and fan as well as new concrete steps at porch and sidewalk with new painted metal railings. Permit issued for 2301 CALVERT ST NW, WASHINGTON, DC 20008 for supplemental plumbing and gas. Permit issued for 2618 GARFIELD ST NW, WASHINGTON, DC 20008 to replace existing concrete apron at garage door and a new roof deck over existing accessory garage. Permit issued for 2800 CONNECTICUT AVE NW, WASHINGTON, DC 20008 for supplemental plumbing and gas. Permit issued for 2807 CONNECTICUT AVE NW, WASHINGTON, DC 20008 for repair/replace and realign brake and brake hub elevator repair. **F)** If you're a member of the community and you need my help on anything, please reach me at my DC government email, 3C01@anc.dc.gov, or you can reach me by phone at 202-495-0724.

- **(3C02) Commissioner Prinzo:** None
- **(3C03) Commissioner Pagats:** **A)** In the 3000 block of Connecticut Avenue, in the Zoo crosswalk, there was a bad accident involving 4 cars. **B)** The Zoo bus parking and idling will be discussed at the Transportation committee to discuss a resolution for our next meeting.
- **(3C04) Commissioner McCorristin:** None
- **(3C05) Commissioner Siddiqui:** **A)** The westside construction on Connecticut is nearing completion and will be moving to the eastside. Please continue to visit businesses on that corridor as they are open during construction. **B)** The Lowell Street from 33rd-34th Street construction is coming. **C)** Cleveland Park Mains Street is working with the Capital Hill alphabet animal art project to bring animal sculptures to our neighborhood.
