4. Presentation: St. Peter School Renovation. Project manager Kristine Adey led the presentation. She was joined by school principal Karen Clay, land-use counsel Jeff Utz, REQUITY Real Estate’s Sherry Rutherford, and architect Meagan Jancy. The school’s 422 3^d St., SE, building dates from 1867. St. Peter renovated in 1923 and built an addition in 1936. The building has no indoor gathering or play space. The mechanical systems are old and the 1936 addition doesn’t align with the original building.

Renovation plans include a new three-story addition on space currently used for a playground. Renovation will require a special zoning exception. The school expects to meet with the Historic Preservation Review Board in May and with the ANC again in June, and to get a Board of Zoning Adjustment decision by fall 2025. St. Peter hopes to break ground in summer 2026 and to finish the renovation by summer 2028. Staff and students will occupy the school throughout.

Commissioner Sobelsohn moved/Commissioner Wolanin seconded to amend the agenda to move immediately to the report of the Alcoholic Beverage and Cannabis Committee. The motion passed 9-0.
