Chair Micone is working with Treasurer Jones and Commissioner McAdams to establish procedures for grants from ANC 4E to community initiatives. The proposed process will be voted on at the next Commission meeting. Grants will range from \$100 - \$1,000 and must comply with DC law and OANC requirements.

Owner Ramzy Azar was present and explained that the business received its initial license in February. They are undertaking updates to the space and are looking to launch by the end of the year. There was no action taken by the Commission.

- Request for the Renewal of an ABC License, Johana's Restaurant, 4728 14<sup>th</sup> St. NW (4E04)

No one from the restaurant was present. No concerns were expressed from the community. There was no action taken by the Commission.

- Request for the Renewal of an ABC License, Treehouse, 4722 14<sup>th</sup> St. NW (4E04)

Owner Nessar Jahanbin explained that the business received its license a few months ago and must immediately re-apply as it is the beginning of a new cycle. No concerns were expressed from the community. There was no action taken by the Commission.

- Request for an Expedited BZA Lot Occupancy Special Exception, 5104 13<sup>th</sup> St. NW (4E03)

No one from the property was present. No case notification has been received yet. The matter will be carried over to a future meeting.

- Text Amendment to Update the Residential Apartment (RA-1) Zone (ZC Case 25-08)

The changes proposed by the Office of Planning and under consideration by the Zoning Commission are fairly technical and also significant. They would modify zoning requirements so that some provisions would happen by right rather than special exception. ANC 4E doesn't currently have any proposals regarding these proposed changes. The Zoning Commission hearings were postponed so there is still an opportunity to take a position if the Commission wants to do so.

- Text Amendment to Regulations Governing Alley Lots (ZC Case 25-06)

These changes would create additional opportunity within alleyways for uses of residential properties. Sixty-eight lots within 4E could see use changes under this. The case hearing will take place on January 12, 2026.

## Community Matters

- Update on Construction Projects on 14<sup>th</sup> St. NW (Kornelius Anderson & Peyton Manning)

DC Plug is substantially complete, having wrapped ahead of schedule. Only punch list items remain. The next phase is electrical, in which PEPCO will come back out to run wire through the manholes. This should not be very impactful. Eventually PEPCO will switch power from above ground to the underground wires. There will be brief outages and customers will be notified in advance. This phase is approximately a year away.

An update was provided on the Kennedy Street reconstruction project. Updates may be found at <https://kennedystnw-reconstruction.ddot.dc.gov/>. Work should be completed on 14<sup>th</sup> St. by the end of November. Several community members voiced concerns that the plaza was not built as originally planned and has few trees. Concerns were also noted about the bioretention spaces along Kennedy Street, which have no barriers to prevent pedestrians from falling in and debris from collecting.

There was a brief discussion of the forthcoming bike path along Missouri Avenue and the potential for the loss of needed parking spaces. Mr. Anderson will follow up with Commissioner Micone.

- Introductions of Recently Elected SSHCA and CBENA Leadership

Commissioners welcomed the newly elected officers of the Carter Barron East Neighborhood Association (CBENA). Their goals for 2026 include a new website and newsletter.
