Committee on Housing & Zoning – February 5, 2026

Chair: Commissioner Dieter Lehmann Morales (SMD 1A02)

The Committee on Housing and Zoning of ANC 1A met on the evening of Thursday, February 5th to hear from the representatives of three different zoning cases that this commission will be hearing from in the next couple of months. The first case was 1300 Girard St. NW in SMD 1A09. Committee members did not find any issues or concerns with this request for relief and have recommended that the commission supports the request at its February public meeting. The second case was 1327 Girard St. NW, also in SMD 1A09. The committee has heard from these representatives before so they provided us with an update on their progress engaging the neighboring community. The representatives stated that another community meeting would be held later this month, with an eye to have this brought to the full commission at its March public meeting, and no issues or concerns were raised by committee members. The third and final case was 1338 Park Road NW in SMD 1A06. This request for relief case corresponds with the construction of the stabilization center at the same location and is being handled by the Government of the District of Columbia. No action taken at this time as conversations between the effected commissioner and the corresponding district agencies continue on this project.
