Community Presentation Introduction of Candidates for ANC 6A01 Vacancy: Scott Burger and Lorena Gil

Lorena Gil introduced herself, noting that she became a resident of the community in late 2020 and would like to serve and meaningfully give back to the neighborhood. Ms. Gil is a member of the Washington DC 9th Street Northeast neighborhood group, which hosts monthly neighbor meetups. Ms. Gil has heard many concerns about trash, litter, and pests in the neighborhood and will prioritize this as Commissioner. She hosts and participates in cleanups to address these issues and appreciates that these efforts show pride and collaboration within the community. Ms. Gil has attended many ANC 6A and COC meetings; prior to moving to 7th Street NE, Ms. Gil lived in Logan Circle, and since moving to ANC 6A01 has found community. Ms. Gil holds a master's degree in economics and community development and spends her work hours learning how to streamline processes and effect change. Ms. Gil will listen to residents, advocate for community members, and seek practical and collaborative solutions that strengthen the community space.

Scott Burger introduced himself, stating that he is a DC native and has been in the neighborhood for eight of the last 13 years. Mr. Burger's family spent some time in Germany and moved back to DC, about a block from where they initially lived. Mr. Burger is in a community group, participates in neighborhood cleanups, and is well aware of trash issues in the area. Mr. Burger would be glad to have the opportunity to have input into the city's vision for the neighborhood and echoes residents' concerns about street and neighborhood safety and cleanliness. He wrote an opinion piece for the Hill Rag about the next generation of the Streetcar, noting the limitation of the city's buses. Mr. Burger is looking to make this neighborhood the best it can be as the city reevaluates what H Street is, making sure it is a place for residents. Professionally, Mr. Burger is an aerospace engineer and works at the Pentagon.

Kimberly Butler, who was not scheduled to speak on the agenda due to not having been officially certified yet as a candidate, is an ANC 6A02 candidate and shared her contact information for interested neighbors: 240-702-3686 or at [iambuildingavillage\[at\]gmail.com](mailto:iambuildingavillage@gmail.com).

Single Member District reports

Commissioner Shapiro (6A03) regrettably does not have a Sherwood report to share from DPR but is hopeful that there will be new program offerings in the spring. There has been work at SWS redoing a foundation wall which will be completed by next week and hopefully the playground equipment in front of the school will be restored as well. The Commissioner has been communicating with DOB about the 1000-1014 block of F Street, which has been tagged and vacant, and DOB did a reinspection. There was an exemption from up taxing because the property was supposedly for sale or rent, but DOB found that the property was both vacant and blighted. The owner has not remediated within their given 30 days and DOB has asked that they be taxed

at a higher rate. H Street continues to be challenged; Joy in Motion has closed as they were unable to complete a four year lease. They are a tenant of Atlas Arts Center. There is a Mardi Gras planned on H Street for February 26 from 12-4 PM. The Commissioner hopes to collaborate and engage earlier in the planning process in the future.

Commissioner Amber Gove (6A04) shared the testimony from December 17 on public transit: <https://www.youtube.com/watch?v=clc9ZAzB-HA>. There is a lot of discussion on transit and it will continue to be a priority as the neighborhood transforms to accommodate a new Commanders Stadium in the next four years. There was an announcement of a new planning committee on H Street, though no ANC Commissioners were notified. The Commissioner has been working with neighbors in the 1300 block of East Capitol who are on their fourth power surge and dealing with tens of thousands of dollars of equipment damage. There will be an in-person meeting with Councilmember Allen at Northeast Library. Hill Family Biking is hosting a biking to ice skating event. The Commissioner is grateful to Chair Wethington for his service and commendable chairing of the Commission.

Commissioner Giertz (6A06) is moving within ANC 6A but will be required to resign from the Commissioner position. He is looking forward to being the chair of the ABC Committee and to being a constituent of Commissioner Kolb. He wishes Chair Wethington luck and is grateful for his leadership and service.

Commissioner Kolb (6A07) echoed gratitude for Chair Wethington's service. The Commissioner attended the Al and Mary Arrighi Way dinner and solidified some relationships. There appears to be a vacant building in the 200 block of 8th Street NE, and the Commissioner contacted DOB, who found that the building is in compliance with the law and there is one occupant within the eight units. The resident seems to be using public trash receptacles to the chagrin of neighbors. The Commissioner received a request for assistance with the unused bus stops along East Capitol Street, where people are receiving parking tickets. DDOT is planning to resolve these issues.

Commissioner Wethington (6A05) is grateful to all of his neighbors and fellow Commissioners and is encouraging community members to run for the 6A05 Commission seat.

Community Comment

Ms. Jen DeMayo from Councilmember Allen's noted that at-large Councilmember McDuffie resigned, and the Council is responsible for filling his seat in the interim until a special election is held. Performance oversight is about to begin; the schedule of the hearings is being finalized and will be shared when available. The Federal Department of Transportation is considering a proposal to remove all the traffic cameras in DC; Councilmember Allen does not support this and believes the cameras are key to safety. There were 50% fewer traffic deaths in DC in 2025 than in the previous year. Winter Restaurant Week is coming up and there are more than 20 Ward

6 restaurants participating. There was a meeting about the Rumsey Aquatic Center renovations, which will cost about \$35M and includes two pools, dedicated lap lanes, and more. Councilmember Allen joined Mayor Bowser to close DC's 100th illegal marijuana shop.

MOCR Noah Glasgow shared some updates: on January 6th, Mayor Bowser swore in Jeffrey Carroll to be the interim police chief through the remainder of the mayor's term. Chief Carroll has been with MPD since 2002. In 2025, the District saw a 17.5% reduction in crime from 2024, building on a 30-year low in crime. Thanks to extensive lobbying, the mayor secured increases to the DC Tuition Assisted Grant, which allows DC students to attend out-of-state schools. The most recent bipartisan spending bill from Congress also includes a \$90M increase in public safety and prevents a freeze of DC local funds in the case of another continuing resolution. The Office of Planning selected a planning firm for a new neighborhood planning project on the H Street corridor with a goal of gathering community input and supporting arts and culture. The final report is expected at the end of September 2026.

Community member Lisa Raymond introduced herself and noted that she is running for DC Council At-Large. She has 30 years of public service experience and was president of the DC State Board of Education, education advisor for former chair Kwame Brown, and chief of Staff to Attorney General Racine. She was a board member of Capitol Hill Little League and currently works at Covenant House Greater Washington. Those interested can learn more here: <https://lisaraymondfordc.com/>
