Consent Calendar

Planning, Zoning, and Economic Development Committee (Mark Eckenwiler, Chair)

1. 315 A Street NE: Plans to tear down rear addition and build a new structure on the same footprint; support from two adjacent neighbors, no public visibility, support without any conditions. Motion by Eckenwiler to adopt PZE Committee Recommendation: Unanimous **7-0-0**.

Plenary Agenda

Alcohol and Cannabis Licensing Committee (Drew Courtney)

1. Comments on Proposed ABCA Cannabis Regulations: Drew Courtney provided an update response to the 9th Emergency Rulemaking regarding Cannabis in the District. The Committee considered the document circulated ABCA and developed points of feedback. However, upon connecting with ABCA, the Committee was informed that the rules circulated via e-mail are not an update and in addition are non-operative. New legislation after the recent rulemaking conflicts with the proposed regulations, and there was no effort to update the circulated rules. For procedural reasons, ABCA declined to pull back on rulemaking, and reissues a document every 90 days with confusing language indicating the rules are changing, although this is inaccurate. Communicated frustrations to ABCA regarding unclear process and wasted time across ANCs.

Transportation and Public Space Committee (Michael Upright, Chair)

1. No business this month.

Grants Committee (Victoria Lord, Chair)

1. No business this month.

¹ Commissioner Eckenwiler and Commissioner Goodman recused themselves from this discussion and voting consistent with prior recusals regarding FOIA requests on similar issues.

similar resolutions and push for further action by the Mayor's Office to mitigate issues relating to increased federal law enforcement activity.

- FOIA responses are still pending with Mayor's Office, but information received to date indicates the District has not implemented policies/procedures or circulated guidance to inform MPD work in partnership with federal agencies.
- Commissioner Foxwell suggested removal of a provision that lacked factual support.
- Motion by Hayes to adopt the Model Resolutions circulated earlier this week, after removing the 8th "Whereas" clause from the condemnation of federal intervention, with conforming edits, and circulate the resolutions to Mayor Bowser with a brief letter requesting an update: Motion passes **5-0-2**.

BZA Delayed Rulings

- Commissioner Eckenwiler described testimony presented on behalf of the ANC in February, noting that no forward progress has been made, and that the case has been pending for 5.5 years. Lack of a final order from BZA is interfering with ability to make challenges based on a final order.
- Motion by Eckenwiler to deliver an updated version of testimony provided before the committee of the whole on Oct. 25 this year and implicitly BZA: Unanimous **7-0-0**.

Meeting adjourned at approximately 8:00 PM with unanimous approval.
