   - Connecticut Avenue Multimodal Safety Improvement Project – Intersection Improvement NOI #26-85-CPD Comments due by May 4

Phase 1 Improvements: Shorter-Term, anticipated construction dates 2026-2027

Chesapeake Street

• Remove bus stops at intersection. The existing bus stop locations will be converted back to off-peak parking.

Brandywine Street

• Relocate the northbound bus stop to the north side of the intersection, and the southbound bus stop to the south side of the intersection. This will result in a reduction in off-peak parking to accommodate the new bus stop locations, and the existing bus stop locations will be converted back to off-peak parking.

Albemarle Street

• Relocate the northbound bus stop to the north side of the intersection. This will result in a reduction in off-peak parking to accommodate the new bus stop location, and the existing bus stop location will be converted back to off-peak parking.

Tilden Street

• Move Tilden Street bike lanes adjacent to the curb at the intersection and add green markings and buffered areas to improve safety. This will result in the reduction of approximately five parking spaces on Tilden Street.

Phase 2 Improvements: Longer-Term, anticipated construction dates 2027-2028

Chevy Chase Parkway/Harrison Street

• Install full traffic signal at intersection.

• Reconstruct southwest corner of the intersection to close Harrison Street between Connecticut Avenue and Chevy Chase Parkway.

• Add crosswalk across Harrison Street at Chevy Chase Parkway and move stop bar on Harrison Street.

Nebraska Avenue

• Reconstruct southwest corner of the intersection to close slip lane.

• Relocate the northbound bus stop to the north side of the intersection, and the southbound bus stop to the south side of the intersection. This will result in a reduction in off-peak parking to accommodate the new bus stop locations, and the existing bus stop locations will be converted back to off-peak parking.

• Relocate signal cabinet out of the sight line of drivers to improve visibility at the intersection.36th Street/Everett Street

• Close 36th Street between Everett Street and Connecticut Avenue.

• Prohibit left turn movements from Everett Street onto Connecticut Avenue.

DDOT also notes the following, based on previous information shared with the community:

• Hardened centerlines have been removed from the plans due to maintenance needs.

• DDOT has completed the installation of the signal at Connecticut Avenue and Chesapeake Street.

District Department of Transportation | 250 M Street, SE, Washington, DC 20003 | 202.673.6813 | ddot.dc.gov

• DDOT will be adding daylighting to the Connecticut Avenue intersections of Ellicott, Davenport, Chesapeake, and Brandywine Streets. This is in response to a joint ANC resolution from ANC 3F and ANC 3/4G.

- Possible resolution on trash cans Councilmember Henderson
  - Councilmember Christina Henderson has proposed the "Public Trash and Recycling Container Budgeting Act of 2026" to combat the city's rat problem by replacing public trash cans with modern, rodent-resistant containers featuring secured lids and liners. This legislation focuses on

upgrading infrastructure during public space renovations, aiming for more secure waste containment, rather than residential bin changes
